I. O. O. F. PICNIC AT WHITE SULPHUR SPRINGS

Rebekahs and Odd Fellows From Sonoma Had Gala Time at Big Resort

Last Sunday, the Odd Fellows and the Verdant degree Rebekah members had a fine outing at White Sulphur Springs in Napa County. Many cars carrying happy crowds and lots of good eats, made the trip. Among the machines noticed in the procession to the springs were those of Chas. LaTorres, Jos. Revie, Fred Hansen, R. C. Bancroft, Jessie Hiser, Gladys Small, V. Giorno, Roy Pauli, Rae Hunter, and others.

The American Legion of Napa was having a big day's outing at White Sulphur, so on account of the crowd the Sonoma procession enjoyed their lunch along the creek, later going to the grounds for the swimming, dancing and games which were the diversions of the afternoon. Swimming was particularly popular with the Sonomans and some clever races across the tank were staged.

The crowd expected to enjoy the jazz of Si. Perkins who is furnishing the music at White Sulphur this season, but that astute jazz artist had sub-rented his dance pavillion to the American Legion of St. Helena and together with Mr. Toth, former chef at Eldridge, was busy gathering in the shekels by running a game of skill which consisted of breaking ballons with baseballs at a dollar a throw. The dead image of Pitcher Prestwood almost gave the pair heart failure by breaking two ballons in succession.

W. J. VAN DINE DENIES ALLEGATIONS

Wm. J. VanDine, who is being sued for divorce by Agnes VanDine, filed an answer to her complaint Monday in which he denies all allegations set forth. Property rights are to be settled out of court. Mr. VanDine is represented by Hoyle & Ford, the Santa Rosa law firm. The defendant and his wife formerly resided on a ranch in the Baxter tract.

POSTMASTER WAGNON TO RETIRE FROM OFFICE

Withdraws Name As Candidate for Re-Appointment. Two Candidates Out to Succeed Him.

Postmaster John D. Wagnon whose term of office expires September 5th, will not be a candidate for re-appointment to the Sonoma postoffice, having this week withdrawn his name from the contest. He first signified his intention to try for a third term, but having served two terms under the Democratic administration, he decided he would not ask for re-appointment at the hands of President Harding.

Mr. Wagnon had the support of the local Republican County Central committeemen, Messrs. George Breitenbach, Beretta and Monotti, but released them from their pledges.

Miss Meta Stofen and W. L. Murphy are now the candidates for the local office of postmaster, both having taken the civil service examination at Santa Rosa last Saturday, as required of applicants.

The Valley of the Moon Golf and Country Club will have the pleasure of a visit from several professional golf stars on Monday. They will go over the course and try it out and naturally, their visit will spread the fame of Sonoma Valley's beautiful links. JOE RYAN RECOVERS STOLEN DIAMOND

Arrests Boys Who Robbed Home of Fred Bulotti and Recovers the Loot.

Deputy Sheriff Joe Ryan, who is famous from San Diego to Shasta for his skill in locating thieves and recovering loot, has added another feather to his cap by recovering a valuable diamond ring and other jewelry stolen from the Fred Bulotti home one night this week. Ryan had the thieves captured before the robbery was reported but did not know that the boys taken into custody had burglarized the Bulotti premises. They were escapes from the State Home, so were returned to the Institution.

Immediately upon hearing of the robbery, Ryan asociated the boys with the crime and went to Eldridge where he sweated them. They acknowledged going through the Sonoma residence and robbing it of valuables. The diamond ring, a beautiful engagement present from Mr. Bulotti to his wife, valued at several hundred dollars, was located at a jewelry store where the boys took it to be experted. Other valuables were dug up on the Sonoma Grammar School grounds where they had been buried.

The young burglars were locked up in jail over night and Wednesday were again turned over to the institution at Eldridge, as there is no law by which they can be further punished.

Everything stolen from Mr. and Mrs. Bulotti was recovered by the deputy sheriff except a signet ring which the young crooks claim they threw away in a hay field near town.

AUTO ACCIDENTS ON PETALUMA ROAD

Several Narrow Escapes This Week When Cars Overturn. Injuries Not Serious.

Several serious accidents occurred on the road between Sonoma and Petaluma the past week.

On Sunday afternoon John Curtin, who was driving a visiting friend home from Sonoma Valley, had an accident to his car, which overturned in a deep ditch. Curtin's tire came loose and the car swerved off the road pinning the driver and his companion beneath it. Passersby arrived in time to rescue the victims of the accident who were cut and bruised, but not seriously hurt.

Sunday night P. S. Doyle of Richmond, driving a roadster toward Petaluma, had a peculiar accident about five miles from here when his car was crowded off the road at a sharp turn and plunged into a well which was being dug. The occupants of the car landed in the well, the car upside down over them. Fortunately, the well was not very deep and contained no water. The victims of the accident cried out for assistance and were extricated from their predicament by passing motorists.

BUSINESS MEN'S MEETING SHOWS MUCH ACTIVITY

Many Communications Show Interest In Sonoma. Ads In Kansas City Bring Results.

That the Sonoma Business Men's Association is attracting the attention of kindred organizations in many cities is evidenced by the many live communications read at the last meeting on Monday night. There was a letter from the County Board of Trade inviting the Association to enlist interest in a Sonoma Valley exhibit at the county fair and also to attend a get together dinner at Santa Rosa in the interest of the fair. In response to the latter invite, Messrs Clewe, Hunter, Murphy, Bancroft and La Torres went up to Santa Rosa on Wednesday night and represented the Association, Messrs. Clewe and Murphy voicing Sonoma's willingness to get behind the big county exhibit to be held at Petaluma August 16 to 20.

Five thousand pears are wanted for Sonoma Day at the state fair in Sacramento. The pears must be procured very shortly and sent to Sacramento, where they will be put in cold storage. The business men will appreciate voluntary contributions from pear growers and are also looking for six pretty daughters of the Valley of the Moon to distribute pears at the fair.

The San Francisco Chronicle sent an inquiry to the Association relative to Sonoma's activities in the Greater Northern California cooperative movement. Secretary LaTorres sent a live reply telling of the attitude of the Association and some of its projects, including advertising the Valley of the Moon in the Kansas City Star.

There were many replies from the following advertisement paid for by the Business Men's Association and appearing in the Kansas daily:

CALIFORNIA

Sonoma, in the Valley of the Moon the garden spot of California, with its medicinal mineral hot springs and its natural scenic beauties, invites you to come and be one of its residents. Fruit, grapes and berry growing, dairy farms, poultry and egg, industries. Homeseekerswill be aided in obtaining the home desired. Manufacturing industries will be offered tempting inducements to locate here. For information and free booklet address Sonoma Business Men's Association, Sonoma, California.

TO PUT ON GALA ATTIRE FOR REDMEN

Stores and Streets to be In Convention Colors. Plans for Parade, Picnic and Concert.

Next week the city of Sonoma and its business houses will decorate for the convention of Redmen. The convention colors, red and white, will be much in evidence. The streets are to be gaily trimmed also and electric effects in readiness for the nightly illuminations which will be a feature of the gathering of U. O. R. M.

Many prominent motorists are planning decorations for their cars and will be in the line of march on Sunday, July 30, to welcome the delegates on their first day in Sonoma Valley. The parade is scheduled for 1 o'clock and will conclude with the big convention picnic at Oak Grove park.

Business sessions of the Order will begin Monday, July 31, and through the courtesy of Mrs. L. V. Emparan and her son, the delegates will convene at the grounds of the historic Vallejo home, a privelege and opportunity the grand officers and lodge members are all looking forward to with great pleasure.

Monday night in the Plaza, preceding the grand ball at Union Hall, an open air concert will be given by Maerilla's orchestra. A fine program of concert numbers, vocal solo, selected, by Madame Maerilla and De Koven's famous ballad, Oh, Promise Me, sung by Eugene Free.

NATIVE DAUGHTERS DANCE IS TONIGHT

Tonight is the Native Daughters midsummer dance at Union Hall and judging from the ticket sales there will be a large attendance. The Foxy Four Orchestra will play for dancing and there will be refreshments presided over by Mrs. Fred Fouts, the chairman of the refreshment committee.

The voters of this precinct are glad to learn that former supervisor, Blair Hart, who so ably represented this supervisorial district for two terms has filed his nomination papers for supervisor of Petaluma district. The voters could choose no better man than Mr. Hart on the Petaluma side and although out of this district, his campaign will be watched with interest by his former supporters of Sonoma Valley, who wsh him success.

The vote will be a large one in Sonoma Valley, and it is expected that Boyes will win at the primaries.

Fred Jensen passed through town Sunday morning with a string of race horses, that set out local turfmen agog. By the looks of the manes and tails of these steeds, they are world beaters. They were brought here from San Francisco for the summer months and will be sent to Tia Juana for the races this winter. Mr. Jensen claims they are all fast and will be heard from in the racing world.

The vaudeville show and dance to be given for the benefit of St. Francis church at Boyes Springs theatre on July 28 is being looked forward to by our theatre-going people. Father Byrne, Sonoma's popular priest, was here Monday in the interest of the show and tells us some up to date vaudeville will be here from San Francisco to help the good cause along. The music has been engaged for the dance to be given after the show.

Last week a deputy sheriff in charge of an inmate for the State Home at Eldridge from Oakland, while enroute to the above named place, stepped off at El Verano station to look over the town and also our summer fairies. While thus engaged the rattler pulled out, leaving the sleuth behind. Luckily, a matron accompanied the patient while the deputy hired a jitney and continued his journey.

Olaf Anderson, husband of Mrs. James Lounibos, formerly of the Victoria Hotel was struck on the point of the jaw at Mt. Tamalpais last Sunday by a fellow seafaring man and died later. Both parties to the tragedy are well known here as Mrs. Lounibos resided here for several years. The cause of the quarrel is unknown. The Andersons were residents of San Francisco and Mrs. Lounibos was the wife of Jim Lounibos, who died here some years ago and had been married to Anderson about three years.

THE REPUBLICAN CANDIDATE FOR CONGRESS

Euvelle Howard, the Republican candidate for Congress from this district, was born in Tennessee and came to California and settled in Lake county in his early youth. During his residence in Lakeport which has been his home since he first came to California, he has been identified with the largest and most important financial and business enterprises in the county. He received his education by attending night school, after which he taught school for 11 years and at one time was principal of the Lakeport Grammar School.

He was married in 1892 to Maud Downen, one of Lake county's most accomplished teachers. Eight chil-

dren, four sons and four daughters, were born to this union, two of which graduating from the university at the beginning of the war entered the service.

Mr. Howard is a man of integrity with genuine interest in public welfare, and has been actively allied in advancing the progressive interests of his home community and state. An evidence of the high esteem in which he is held by his community was his election to the office of County Recorder of Lake county by the largest majority ever accorded an officer of the county. Later he resigned from the office and entered the field of agriculture.

When Howard was indorsed by the Lake County Farmers' and Stockmen's Association in 1920 for nomination as Republican candidate for Congress, they adopted resolutions which read in part: "That we, as farmers and stockmen having known Mr. Howard for many years, do indorse him for Congressman and vouchsafe his integrity and ability."

In recent years Mr. Howard became interested in a section if government land that was generally supposed to be valueless. As a result this section is rapidly being converted into one of the garden spots of the county, being particularly famed for the walnuts grown there, about which Luther Burbank has written: "The Franquette walnuts received. They are the finest which I have ever seen and I do not think finer ones can be raised anywhere o earth. The meat is unusually white; the shell is all that can be desired. Thank you. Respectfully yours, Luther Burbank."

FIRE! FIRE!

The chemical engines were called from the Boyes Springs fire house to two blazes last Monday. About 11:30 a. m. a rubbish fire on the Caliente Villa got beyond control and an alarm was sent to Chief Cause and his department. The prompt arrival of the Valley Angel averted a disastrous fire.

At 4 p. m. grass along the railroad right of way at the Boynton tract took fire and the little Red Devil responded. No damage.

WHAT WOULD YOU SAY?

If the richest man in your town came to you and said: "Bill, I would like to have you help me pass a law which will exempt income on all city, county, state and government bonds from all forms of taxation so that I can invest my money in these bonds and thereby be relieved of all tax burdens," what would you say?

The audacity of the proposition would stun you and yet that is the situation that exists today. In years past, on the theory that by exempting this class of bonds from taxation, money for public purposes could be secured more cheaply, the income from this class of securities was exempted from taxation by law.

In those days, however, it was never dreamed that ten, twenty or even thirty billions of dollars of this class of securities would be issued. This is the condition, however which confronts the American people today. Those best able to pay taxes are absorbing billions of dollars of tax-exempt securities and the tax revenue thereby lost to the government must be made up by industry and the average citizen.

President Harding advocates a change of this system so that in the future the issuance of tax-exempt bonds will be prohibited.

This is the first step which could be taken toward the ultimate reduction of our tax bill.

Assessor Hoke Smith was in Sonoma Valley this week and met many friends and supporters.

HOW SENATOR JOHNSON STANDS WITH PARTY

(From the Observer)

Senator Johnson stands in a new aspect before the people of California—as a thorough going advocate of tariff protection for American industry.

In protection of California production his success has been all that could be asked for. The farmers are singing his praises as they have good reason to do, for his power of personality and abilities as a representative are proved in a striking fashion in the new schedule in which the output of our vineyards and orchards and groves fare so favorably.

Former State Senator Sam C. Evans of Riverside, himself a happy orange grower, waxes hot when it is attempted by the opposition to make it appear that Johnson is persona non grata at the White House. In indignant reply he testifies that he was at the senator's homewhen President and Mrs. Harding paid an informal call. Harding and Johnson visited amiably on the lawn while Mrs. Johnson entertained the first lady of the land. Not so long ago the Senator and his wife were invited on a week-end cruise on the Presidential yacht.

It must indeed be galling to the Johnson haters to have Johnson demonstrate such definite adherence to fundamental Republican doctrine as protection and then to show how persona non grata he must be in order to achieve so much for the good of California. It is indeed painful to them that so much has been accomplished for the welfare of the state.

Johnson has thrown himself into the battle against the powerful eastern importers with the same vigor that characterized his equally great achievements while Governor of California. His months of vigil and combat at Washington, the details of which only those on the ground can fully appreciate, show that he has lost none of his alertness and power and conscientious concern for the welfare of the people.

The result came in the Senate at a most opportune time to prove the value to California of such a strong figure at the national capital. It was a splendid accomplishment of constructive effort. High cost of railroad service and a lowered cost of ocean transportation was a situation of much menace and California will have much to be thankful for in Senator Johnson and the good old Republican doctrine of protection.

Of course, every effort will be made by Johnson's opponents to detract from this great record he has made. In the campaign to "get" him, they cannot be expected to give him his just due. The Los Angeles Times and the chieftains who are using the Better American Federation for their political purposes should be in a dilemma. How to soak Johnson now that he has served the California farmer so well, ought to be a difficult problem. His influence and power at Washington has been demonstrated most disconcertingly.

CANDIDATE FOR ASSESSOR IS VERY FAR SIGHTED

Tuesday of this week Robert Madison, candidate for county assessor, came to town and of course dropped into the office of the Sonoma Index-Tribune (which, of course, proved his far-sightedness) but that is not the story.

Madison with his eagle eye trained by magic, for he is in the Zamlock class, had not been in the office two minutes when he spotted a bill ready to mail and directed to him, on the editor's desk. It was, as luck would have it, the top card of the deck and Madison got his eye on it although ten feet away. His eye straightway twinkled with the Madison smile, he made a quick pass for his check book and presto, we were paid. A man born with a double veil like that is good enough for any county job.

Madison was on his way to Point Reyes to give a sleight of hand act at a benefit being given for an ex-soldier who was gassed while overseas.

NOTICE

Property Owners of the Valley of the Moon:

The third and final payment on the Valley Angel fire engine becomes due in a few months and Chief W. B. Cause will start out next week prepared to accept donations to pay off the indebtedness of the Boyes Springs and Valley Fire Department. Every former payment has been promptly met and with the final and last payment taken care of by the property owners, Chief Cause will have realized his ambition to provide Sonoma Valley with adequate fire protection. The volunteer fire department willingly gives its services and the people of Sonoma Valley do their part in the providing of the efficient apparatus to safeguard property. The Chief will appreciate the splendid co-operation he has always received in the past in meeting the final obligation on the chemical engine.

MR. AND MRS. BANCROFT PURCHASE CAMPBELL HOME

Mr. and Mrs. Bancroft have purchased the handsome home of Mr. and Mrs. B. F. Campbell on Broadway and expect to take possession in the near future The Campbells will go to reside at Berkeley where their son, Donald, lives. Since the illness which cost Mr. Campbell the lost of one of his limbs the Sonoma home was too great a care for Mr. and Mrs. Campbell, so they decided to part with the property which is among the finest in Sonoma.

The lot is situated on the corner of Broadway and Patton street and is improved with a modern two-story residence.

Mr. Bancroft, the purchaser, is the American Exress Comany's agent in Sonoma.

BUYS PROPERTY FOR UNDERTAKING PARLORS

H. F. Bates the local undertaker, has purchased the old G. S. Harris residence on Broadway adjoining his own property and will convert it into moder undertaking parlors such as other communities now have. The place is well adapted for a mortuary and will be a great improvement, as the crowded downtown place, which affords mourners little privacy, has long ago ceased to be adequate to the valley's increased population.

The quiet dignity and beauty of the commodious old Harris residence will lend itself perfectly to the improvements contemplated by Mr. Bates.

A. J. HAUBERT PASSED AWAY

A. J. Haubert, who formerly lived in Sonoma Valley on his beautiful vineyard ranch, Bella Vista now the home of Frank Rohde, died in San Francisco this week. Mr. Haubert was a progressive resident of the valley and will be remembered by many old timers for his hospitality and genial presence. A grown family survives him.

Frank M. Burris left for an auto trip to Lake Tahoe on Thursday.

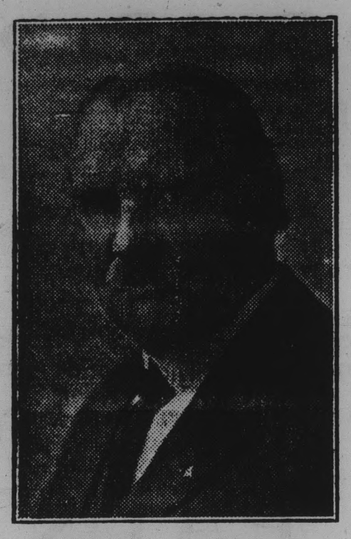
Vote for Friend W. Richardson for Governor of California

VOTE FOR ECONOMY AND STOP WASTE

When you go to the polls to cast your gubernatorial vote this year, give a little thought to your California, a wonderful state, but taxed to death. As a voter you have a chance to throw off the yoke which has been imposed on taxpayers during Governor Stephens' regime. If you sanction the reckless spending of state funds, vote for Stephens again, but if you want to encourage economy and business administration, mark your cross after the name of Friend W. Richardson, candidate for governor on the economy platform and now the best state treasurer California ever had.



FRIEND W. RICHARDSON

J. A. Rominger is the economy candidate for lieutenant-governor and makes a concise statement of the situation when he says:

"State taxes are high because state expenses are high. Taxes cannot be lowered uuntil expenses are reduced. The present state machine is covering California with a carefully prepared propaganda campaign devised to fool the people on governmental costs.

This means the present administration will afford the people no relief from extravagance and increased taxation. If elected lientenant-governor, I will use every means in my power to overthrow the wasteful, job-creating machine; to cut off every unnecessary dollar. When we put the state government on a business basis taxes will come down. Remember, in the next election you are going to vote for higher taxes and more extravagance or for lower taxes and genuine efficiency."

TOO FREQUENT, THIS CROOKEDNESS

The growing frequency of crookedness among bankers in this state cannot help but cause uneasiness among the banking public and there is a pronounced demand for more rigid methods of examination of. banks. The Fort Bragg outrage has been followed by embezzlements and falsifications in other nearby communities, in Willits, in Yolo County and of course we have not forgotten the Santa Rosa steal. Unless some steps are taken by the honorable business men in the banking business to prevent these outrages, people with money are going t ofind other means of safeguarding their accumulated wealth other than entrusting it to banks scrutinized by the present kind of bank examiners.

TEMPTATION IN HIGH PLACES

A peace officer in Shasta County has been arrested for being in partnership with two bootleggers. The possibilities are big along that line, which is one reason why the choice of a sheriff this campaign is an important one.

Honesty should be the first requirement of a candidate seeking public office. If a man cannot stand full inquiry on that score the voters do not want him.

Peace offices to some aspirants means a piece of change.

GUESTS AT THE ROTENBERG HOME

Miss Rose Kreimdler of San Francisco and Maurice Cooper, also of that city, have been visiting at the Rotenberg home.

Miss Molly Applebaum, noted artist for the Metropolitan Life Insurance Magazine, has been visiting with her friend, Miss Sadie Rotenberg.

HOLLY HAS FLATTERING OFFER: MAY GO EAST

One of the largest crowds since the days of Charlie Miller, Willie Meehan Sailor Petrosky or Fred Fulton, attended the boxing workouts, which were full of real pep, at Louis Parente's gymnasium at Verano last Sunday afternoon. Buck Holly put in three hard rounds with Young Courtwright, a promising young heavyweight, 19 years of age, weighing 185 pounds, and Eddie Moore, San Francisco's crack welterweight.

Frankie Thurston boxed three rounds with Jimmy Butler, who boxed in Los Angeles yesterday. Kid Harns boxed three rounds with Sailor Wilson.

The Tavern Jazz Band played the latest musical hits between the bouts and there was not a dull moment during the afternoon.

Jim Griffin, California's most noted referee, made a special trip up to Sonoma Valley to see Buck Holly work out. On a wire from Billy Gibson, of New York, manager of the champion lightweight of the world Benny Leonard, he came to give Buck the once-over, as reports have reached the East that Buck is the best California product to be annexed.

Jack Kearns, manager of Jack Dempsey, has wired Buck to join Dempsey's training camp. Holly has not made up his mind at this time just what he will do, but his desire is to box Panama Joe Gans, the New York sensation, in Los Angeles, and in all probability will invade the East accompanied by Jim Griffin, meeting all comers, as Billy Gibson has some fine matches in sight. Jack Brittan included, so all the Sonoma Valley boys will wish Buck lots of good luck and hope that he brings the welterweight championship of the world back to Sonoma Valley.

Prof. Joe Fields will put Buck in condition for his bout with Panama Joe Gans.

LIEUT. RAHM AND MISS VOLQUARDSEN HONORED

In honor of the announcement of the engagement of Miss Helayne Volquardsen, a dinner was given to her and her fiance, Lieutenant Gustav Rahm in Berkeley last Saturday night by Mrs. Leland Volquardsen (Valeria Helberg). It was beautifully appointed, the color scheme, pink, being carried out in decorations of pink hearts, flowers and place cards. It was a family dinner party and the happy young couple, guests of honor, were deluged with good wishes.

Last Monday evening Mr. and Mrs. J. H. Coops of the Napa road gave a dinner at their new home, Semillon Villa, complimentary to Miss Volquardsen. All the decorations were in the yellow tints and an elaborate chicken dinner was served by Mrs. Coops. Those present were Miss Volquardsen, Lieut. Rahm, Mr. and Mrs. D. Volquardsen, Mr. and Mrs. Leland Volquardsen and Joan, Mr. and Mrs. Harry Coops, Mr. and Mrs. Arthur Coops, Mrs. Johannsen, F. W. Dobbel, Louis Volquardsen and Mr. and Mrs. J. H. Coops.

The Union Hotel, which is to be the headquarters for the Redmen's convention, is being newly repainted and presents a fine appearance. It has recently received a new coat of paint on the interior and has been otherwise improved. Fred Bulotti has the painting contract.

MRS. BURLINGAME IN GIANT FOREST

Mrs. Carrie Burlingame is with the Sierra Club this week on its annual excursion. Here is an account of the outing taken from a Sacramento paper:

The Sierra Club, 230 strong, has come to Giant Forest, and gone on to the Higher Sierras with its packtrain of over 100 head of mules and 25 horses.

For twonights the Sierra Club encamped at Crescent Meadow, two miles from Giant Forest. Their huge campfire in the center of the Meadow lighted up the ruddy trunks of majestic sequoias, sugar pine and fir which encircled the camp. Judge Fry gave interesting talks on the Big Trees and there was much song, and merriment besides the business of organizing the club for its long trip via Alton Meadow, Cliff Creek, Black Rock Pass, Moraine Lake, Mt. Whitney, Junction and Kearsage Passes, Kings River Canyon, Summit Meadow and back to Giant Forest on August 4th.

The club made an auspicious start. All arrangements at Giant Forest worked like clockwork. The Road Control was operated so as to put through smoothly the 50 stages which carried the club members up the Giant Forest road, and they all exclaimed at the excellent condition of the road and the comfort of travel without meeting other automobiles. It was conceded that travel on the Giant Forest road, under control, is infinitely safer than travel on the valley highways.

GLEN ELLEN FOLK TO STAGE OLD TIME CONCERT

Glen Ellen's talented folk will put on a real old fashioned concert at the auditorium of the State Home on Tuesday evening, August 1. The costumes and quaint characters accompanying the musical program promises a rare treat. The entertainment is for the benefit of the Jack London memorial fund.

The Jack London library corner stone laying will be held just as soon as Governor Stephens and other dignitaries can arrange to be here.

The new building for which the energetic Glen Ellen club women have been raising money will be built by day labor, under the direction of Contractor Kykendall, of Santa Rosa who has donated considerable to the good cause.

LOVE CRAZED YOUTH ARRESTED WITH GUN

A love crazed youth who threatened the life of the object of his unrequitted affection at a valley resort this week was arrested by Deputy Sheriff Ryan who undoubtedly averted a tragedy by taking away a new 32 calibre Colts revolver from the jealous lover and placing him under arrest. The prisoner, W. L. Campbell, was taken before Judge Small, and the magistrate, after frowning upon the occurence and warning the visitor not to again visit the valley, ordered him out of town. The young woman who spurned his attentions is employed at one of the resorts.

VINEBURG NEWS

Cedric Cutter, one of our progressive young orchardists, returned last Sunday after a week's tour among the orchards and vineyards of Santa Clara county and he says that the Garden Valley, for fruit, has not got a single point over Sonoma county, with the exception that its soil is better for apricots. But as for other fruits, Sonoma county leads. Mr. Cutter has spent all his life among orchards and knows whereof he speaks.

Howard Knight, mayor of Schellville, was a visitor in this section this week and says everything looks good down his way.

Mr. and Mrs. Henry Hyde, accompanied by their son, Herschel, the young tennis wizard of Sonoma High School, returned home Sunday evening after a three weeks' outing to Lassen and Plumas counties and during their trip visited Gold Lake. Mr. Hyde says he knows that there is gold at the bottom of that lake, but the water is so deep that it is not visible to the naked eye. They report a fine trip.

Apple packing has started at both packing plants and from all indications the present season promises to be a very busy one.

Messrs. Theodore Peirson and Charles Stornetti transacted business in San Francisco Tuesday.

Mr. and Mrs. August Figone and family of San Francisco, now the guests of Mr. and Mrs. John Batto, motored to Camp Meeker on Tuesday last and were entertained by old time friends.

Henry Hansen of San Francisco was looking over his real estate interests in this vicinity Tuesday.

Miss Grace Peterson of San Francisco returned home on Sunday after a pleasant visit with her aunt, Mrs. John Oberg.

On last Saturday the first carload of apples, Red Astrickans, were shipped from this point to El Paso, Tex., by the C. B. Williams Company, and the second car was shipped East on Friday to the same destination. Who would have thought, years ago, that the old Bear Flag Reublic would be shipping choice fruit, grown in the Valley of the Moon, to the Lone Star Republic? But that is what the C. B. Williams Company is doing, and the firm will start packing pears next week for eastern points.

Wm. Steinkamp, fully recovered from his recent illness, was in town this week on business connected with the big convention of the Redmen.

Fred Stevenot, a stockman of Amador county, will run for the Assembly this year. The Stevenots formerly resided in Sonoma.

EASTERN STAR HAD INITIATION THURSDAY

Valley of the Moon Chapter, O. E. S., had a very delightful evening on Thursday, when Mrs. E. Nichol was initiated into the local chapter. Her husband was high in Masonic circles in Scotland, from where the family recently came to settle in Sonoma Valley. There were visitors from chapters of the bay cities and other places.

Seasonal decorations and dainty refreshments combined to make the gathering one of the pleasant fraternal affairs of the summer.

Friends of the Montgomery family of San Francisco, who used to visit at the Emparan home and participate in local entertainments, will be sorry to hear of the loss of the good mother of the family, Mrs. Agnes Montgomery. She leaves four children to mourn her: Mrs. Queen Stewart, Mrs. Edna Sturges, Edward and Chauncey Montgomery.

Tom Jones of Oakland, old time race horse expert and former trainer for J. B. Chase, has been in town the past week. Tom was surprised at Sonoma's many improvements and was much interested in the new residence tract, Monte Vista Park, which was once his old stamping ground, when he conducted the Chase racing stables here 25 years ago.

Mrs. George Darling, home from the sanitarium, is slowly regaining her health at Boyes Springs. Mrs. Darling is the wife of the well known restauranteur and booster.

The new sewer being put in on Spain street will be completed this week. A. Castagnet and W. L. Murphy are now connecting up their properties with the new system.

Miss Erma Gage, who has a studio of dancing and 90 pupils in Oakland, has been visiting her friend, Mrs. W. B. Hays. The young artist is a daughter of the late Jeff Gage, old time S. P. conductor.

Mrs. Susan Whiting of San Francisco, donor of the fire bell at Boyes Springs, where she has a pretty country home is in the valley for the summer as has been her custom for many years.

Mrs. N. J. Heggie and family have been enjoying a vacation at Bodega Bay. Miss Amy Heggie of the First National Bank has been on her vacation with the family.

IMPROVEMENT CLUB HAS FIRE DEPARTMENT

The Sonoma Valley Improvement Club has named three fire commissioners and a fire chief. Recent fires in the vicinity has speeded up interest in the fire department advocated for the neighborhood. The fire commissioners selected are James Moore of Shamrock Inn, Jack Muller and M. Hansen. The fire chief is Captain Peterson, formerly with the Boyes Springs and Valley Fire Department. Captain Peterson says he is a great admirer of Chief George Cause and reluctantly leaves his command to take the honors bestowed upon him by the residents of Fetters and Agua Caliente.

The new company expects to have a chemical engine before long.

SORINI BUYING APPLES

G. Sorini is advertising that he will buy apples, $10 per ton, for vinegar stock, which gives our orchardists a good chance to sell some grades of their produce right here at home.

Mr. Sorini deals largely in Sonoma Valley apples, grapes and other fruits. He crushes the fruit and also has a large dryer.

CLEMENTS BRICK HOTEL NEARS COMPLETION

The handsome brick annex to Clement's resort at Fetters Springs is nearing completion. The maple floor for dancing in the spacious dining room overlooking the highway was laid this week.

The kitchen is to be a model, and will be equipped with the finest appointments for the chef and his assistants. The built-in ice box and other built-in features will make it second to none among the hotels north of the bay.

Mr. and Mrs. Clements are already catering to many guests and have many reservations for their opening in September.

LIBBY FILES PAPERS FOR DISTRICT ATTORNEY

Attorney George W. Libby filed nomination papers on Tuesday as a candidate for district attorney, and started right out on his campaign. He expects to visit every section of the county in the interests of his candidacy. Mr. Libby at the present time is city attorney of Sebastopol.

PRESBYTERIAN BOYS IN CAMP HERE

(Contributed by Lloyd Lundberg)

The Presbyterian Orphanage boys are camping in the Sonoma Highlands near Boyes Springs, for their fifth week, and will continue to do so until the first of August. They will then return to their home in San Anselmo which had burned down on May 22.

Mrs. George Fetters of Fetters Springs and Mr. George Cause of Boyes Springs have done a great deal for the orphanage boys by inviting them to the movies at any time their director, H. M. Christian, thought best.

Through the hospitality of Mr. Lichtenberg, the boys have been admitted to Boyes Springs baths every day since they have been camping here. All this is done gratis.

We were not camping here long when Mr. Christian, who is in full charge of the boys here, and who had been working at Sonoma State Home for 10 years as a director, received an invitation for the boys to visit Sonoma State Home on the night of July 4th. The boys paid a visit on that night and had a fine time.

Some time before, the Camp base ball team received a challenge to play the Sonoma State Home boys a game of baseball. The team answered the challenge and played the State Home boys on their grounds Saturday July 1. The camp team was defeated the score being 8 to 7 in favor of the State Home. We hope to play another game before we leave and we feel confident that our team will win this time.

Mrs. Shepard of Jack London's ranch invited the boys to visit the home of the famous author. Accepting her offer, which they hailed with delight, the boys spent the day there. The visit is one that cannot be forgotten.

Before breaking camp, Mr. Christain will celebrate his twenty-fifth anniversary with the young men and boys at the camp.

EVERYBODY "SWAYING" AT CALIENTE

To E.G.Perkins, popularly known as manager of Sonoma's crack jazz orchestra, is due the credit for introducing the latest New York dance sensation in waltzing "Swaying", to the guests of Tom Corcoran's beautiful hotel at Agua Caliente. One feature of the dance is that those who sit around can participate by swaying in unison with the mnsic.

In former years the guest used to wander to other resorts for diversion during the evening but now they all stick around endeavoring to master the ins and outs of "Swaying".

Charley Miller, the jovial affinity of the brilliant corresponden Archie Mc Kiver who never sees anyone else but Charlie when he visits Caliente, is the competent floor manager and all the home folks are invited to come an dsway to the music at the Caliente Bathhouse

CONFESSIONS OF A CYNIC

I don't believe in every bird who wears a silk hat on Sunday.

I don't believe they ever raise anything on roof gardens but prices.

I don't believe the women try half as hard to ensnare the men as the men think they do.

I see a scientist says parsnips will sustain life, but I am quite sure they will never sustain mine.

I can't see that a high-grade Airedale is anything but a dog, and a blamed homely one at that.

I never saw a hotel lobby hound with spats on whom I ever gave credit for having a nickel in the world.

I have no great love for any reformer, but I prefer him to a bum who doesn't take care of his family.

I have no sympathy for any old stiff with a million dollars who is vamped by some flapper. He ought to know better.

I don't believe the crease in a man's trousers amounts to very much until it isn't there, and then it amounts to a great deal.

I don't believe the majority of men care whether women wear short skirts or long, and I don't believe it makes any difference whether they care or not.—New York Mail.

Keep up your wide family acquaintance, and when you are old you can still go to as many weddings as funerals.

MEWSINGS

The trouble with this country is that the hole is larger than the doughnut.

Drunkenness cases are reported to have declined in Chicago. Maybe the police force has quit peddling the stuff.

There are exceptions to every rule: brave men have been known to devote considerable time to telling about it.

A United States senator looks just the same as anybody else when he is in the washroom of a sleeper with his collar off.

The influx of spendthrift Americans to Europe has had a great deal to do with the attitude of Europe in regard to the money owed us by the allies.

SAYS THE PESSIMIST

The brilliancy of many a society leader would depart if she lost her jewels.

Occasionally you meet a man who is so courteous that he is actually polite to his own wife.

No woman is thoroughly happy unless she has a few friends who can't afford to dress as well as she can.

CHAS. C. MOORE

Vote for

Chas. C. Moore

REPUBLICAN Candidate, United States SENATOR
Primary Election, August 29

Charles C. Moore, the Republican candidate for United States Senator at the primary election, August 29, will immediately be remembered by Californians as the president of the Panama-Pacific International Exposition, held at San Francisco in 1915, the most successful exposition held in this generation and an exposition to the success of which all California contributed.

The son of a California pioneer of 1849, Mr. Moore at the age of seventeen, penniless, began that career which today has brought him state-wide recognition as one of California's foremost citizens and civic builders.

During this career, that has established him as one of the most successful business men of the West, Mr. Moore has always made time for public service.

Prior to the Panama-Pacific International Exposition he traveled the countries of Europe in behalf of the Portola festival, securing participation from all of the nations that he visited.

Still earlier he was chairman of the citizens health committee that organized to combat the bubonic plague and successfully prevented that threatened calamity.

He was active during all of the war bond campaigns and was president of the state council of defense. Today he is head of the Boy Scout movement in San Francisco.

He is the owner of the largest olive grove in the world at Sylmar near Los Angeles; has lemon and orange holdings in the south; is the owner of the Bremo fruit orchard near Rialto in San Bernardino county; is the owner of the Buena Ventura orchard near Cottonwood in Shasta county; has another ranch at his country home near Santa Cruz where he specializes in livestock and poultry; is a director of the California Central Creameries and is interested in a dozen other organizations and activities, representing different California industries both of the cities and of the interior.

It had been generally recognized over the state by Republicans, Progressives and Democrats that California and the nation required a change in the conduct of our affairs in the Senate at Washington, insofar as the representation there for this state was concerned by Hiram Johnson. Particularly during the coming six years when the world is going through a crisis and when there is needed sound, sane and conservative business judgment in the affairs of our government, it was felt in all sections of the state that California should make a change.

The conduct of Senator Johnson in his alliance with William Randolph Hearst was felt by many to be prejudicial to the best interests of California. The consistent policy of obstruction by Senator Johnson of the policies of President Wilson and the League of Nations; his consistent opposition to the present administration and President Harding against the Four Power pact; his acceptance of a retainer from the Tammany organization of New York in the traction case and his acceptance of a retainer from Hearst to appear before the Supreme Court, are considered as showing the departure of Senator Johnson from the straightforward principles of progressiveism upon which he was elected. It is felt that personal interest and self-seeking have become Johnson's controlling impulses.

At a statewide meeting of Republicans and Progressives at the Palace Hotel in San Francisco the field was thoroughly canvassed, and the unanimous decision was that the one man in this state who could best represent all parts of the state was Charles C. Moore, and what amounted to a demand was made upon Mr. Moore that he offer himself to the men and women of California as a candidate for the Republican nomination for the United States Senate in opposition to Hiram Johnson.

It is the purpose of this advertisement, within the limited space that funds permit, to refresh the public mind as to who Mr. Moore is and why he is now a candidate for the United States Senate. He is the type of man around whom all elements of this state can rally in the full assurance that California will have a safe, sane and constructive representation in the Senate with his election.

Register Republican today and vote for C. C. Moore August 29

EL DORADO HOTEL HAS BEEN RENOVATED

The El Dorado Hotel kept by Sonoma's pioneer hotel people, the L. Quartaroli family, has been entirely refurnished and renovated and is now one of the prettiest and most up to date hotels in the county. The lobby with its massive fire place has been provided with luxurious leather chairs and rockers and an artistic fernery adds a touch of rustic charm The halls have been recovered with heavy pile velvet carpets and each guest room provided with a rich Axminster rug of soft tone and handsome pattern. The furniture is all hardwood ash in the new gray shade.

Modern plumbing of the best has been installed throughout the hotel including hot and cold water in each room. Extra baths have also been provided and many other comforts of the traveling public considered in the improvements recently completed at the El Dorado.

Mr. and Mrs. Quartaroli have been in the hotel business in Sonoma for over 25 years and built up a fine trade through their excellent table and courtesy to the public. Their special home made ravioli and chicken dinners are famous throughout Northern California.

THORPS WILL RETURN TO CALIFORNIA

Word has been received by friends from Mr. and Mrs. Jack Thorp that after a visit at Detroit they will return to California, Mr. Thorp having been returned to this field.

Mrs. Thorp will be remembered as Miss Ella Fischer, popular former Petaluman and her return to California will be hailed with delight by her numerous friends. They have been in the east for some time, residing at Washington, D. C.

R. B. Houston of the S. P. Company's Santa Rosa office was in the Sonoma Valley Tuesday looking after the fruit crop movement and other railway matters.

MISS MURPHY ATTENDED PLAY OF LINCOLN

Miss Florence Murphy, local school teacher, who is spending two weeks in San Francisco, saw the wonderful play of Abraham Lincoln as portrayed by Frank McGlynn at the Columbia Theatre. Miss Murphy writes: "It is a wonderful education to see the old fashioned costuming and furnishings, and to have those trying days in American history brought so clearly before you. It leaves a wonderful impression of Lincoln and the men closely associated with him, Grant, Lee and other great Americans."

BLAIR HART GOOD AS ELECTED

An error in the nomination petition of B. B. Hinshaw, who was to run for supervison against Blair Hart, caused his petition to be rejected. This leaves Mr. Hart the only candidate from the second district.

KISSING, THE WORLD OVER

The Thibetan abhors personal contact as manifesting affection and the kiss is unknown as a salutation.

The hug of bearlike proportions displaces the kiss as a sign of affection among the South Sea islanders.

The French kiss is almost a national institution. Frenchmen sometimes kiss each other frequently during a brief conversation.

Although in America the kiss has become almost as prevalent as among the French, men rarely are observed to kiss each other.

Last Sunday Rudolph Johnson, Jas. Kearney, Miss Beatrice Hickin and Miss Alpha Johnson motored to the White Sulphur Springs and attended the Rebekah picnic.

Mr. and Mrs. Froment and family spent several days in San Francisco last week.

keep friction where it belongs

Friction consumes power and develops heat and wear.

Sometimes friction is utilised. In the automobile the friction of the clutch transmits the power of the engine to the rear or driving wheels, the friction of the tires and the road surface propels the machine, and the friction of the brakes stops the car. Friction should be confined to the parts named (the clutch, the tires and the brakes), if possible

Lubricating oil used in the automobile to prevent friction between all moving parts in direct contact has friction within itself. This friction has to be overcome by and uses up engine power. The heavier the oil the more its internal friction, the less power it leaves for useful work.

Increasing Power, Speed and Gasoline Mileage

It may be proved that as much as 20% of the power at the driving wheels may be lost through the use of an incorrect oil

The ideal oil is the thinnest oil which will keep the bearing surfaces separated and at the same time offer in itself the least frictional resistance to the engine power going to the driving wheels

In addition, this oil must have stability to resist engine heat, and it must be pure.

Zerolene meets the conditions perfectly. Made from selected crudes by our own patented high-vacuum process, it has great "oiliness," which causes it to cling to bearing surfaces while offering in itself a minimum of frictional resistance to the engine power; it has great stability to resist engine heat, and it is pure

Zerolene reduces friction, and permits the development of the maximum power, speed and gasoline mileage of the car.
